NH DHHS COVID-19 Update – May 11, 2021

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, May 11, 2021, DHHS announced 134 new positive test results for COVID-19. Today's results include 79 people who tested positive by PCR test and 55 who tested positive by antigen test. There are now 1,424 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are thirty-two individuals under the age of 18 and the rest are adults with 44% being female and 56% being male. The new cases reside in Rockingham (27), Merrimack (23), Hillsborough County other than Manchester and Nashua (11), Strafford (11), Belknap (10), Cheshire (5), Sullivan (5), Grafton (4), Carroll (3), and Coos (2) counties, and in the cities of Manchester (14) and Nashua (9). The county of residence is being determined for ten new cases.

Community-based transmission continues to occur in the State and has been identified in all counties. Of those with complete risk information, most of the cases have had close contact with a person with a confirmed COVID-19 diagnosis.

DHHS has also announced two additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 female resident of Carroll County, 60 years of age and older
- 1 male resident of Strafford County, 60 years of age and older

There are currently 71 individuals hospitalized with COVID-19. In New Hampshire since the start of the pandemic, there have been a total of 96,933 cases of COVID-19 diagnosed.

Current Situation in New Hampshire

New Hampshire 2019 Novel Coronavirus (COVID-19) Summary Report (updated May 11, 2021, 9:00 AM)
