¹ Hispanic/Latino includes people of any race.

² All other races are non-Hispanic/Latino or Hispanic/Latino ethnicity unknown.

³ Other includes non-Hispanic: American Indian/Alaska Native, Native Hawaiian/Other Pacific Islander, or two or more races.

⁴ Census Bureau Population Estimates 7/1/19 from <https://www.census.gov/data/tables/time-series/demo/popest/2010s-state-detail.html>

Data represent persons vaccinated at NH vaccination sites, excluding federally allocated vaccine doses (n=72,386), through May 30th, 2021 and entered into the New Hampshire Immunization Information System.

Ω Data are temporarily unavailable due to a technical issue.

-------	-----------	-----------	-----------	--------	---------	---------

¹ Doses available for site to order are the number of first and second doses that have been made available to the site to order.

² Doses distributed are the number of first and second doses that the site has ordered and received at their location. Orders are based on clinic schedules and average uptake of vaccine by participants.

³ Doses administered may exceed the number of doses distributed due to the ability to get extra doses out of a vial, depending on the type of syringe used.

⁴ Includes the single-dose Janssen Biotech vaccine.

⁵ Includes the 2-dose Pfizer BioNTech and Moderna vaccines.

* The LTCF PPP is a federal program that sends pharmacies into LTCF to vaccinate residents and staff. In order for LTCF to access this program in New Hampshire, NH DHHS was required by the CDC to allocate a fixed number of doses to guarantee that pharmacies would have enough vaccine to complete vaccination administration within a four-week time frame. This program remains on schedule as originally anticipated and will be continually monitored to ensure completeness.

**Retail Pharmacy: Includes doses allocated to the State of NH that were distributed to a Pharmacy in addition to doses allocated directly from the federal government to the federal retail pharmacy partnership program.

¹ Vaccine is distributed equitably across the state to vaccination sites based on a pro-rata share of vaccines available each week and population size of the region being served.

² Doses distributed are the number of doses that the site has ordered and received at their location. Orders are based on clinic schedules and average uptake of vaccine by participants.

³ Doses administered may exceed the number of doses distributed due to the ability to get extra doses out of a vial, depending on the type of syringe used.

⁴ Includes the single-dose Janssen Biotech vaccine.

⁵ Includes the 2-dose Pfizer BioNTech and Moderna vaccines.

Note: Data presented represent doses distributed and administered through May 30th, 2021.

The most up-to-date laboratory testing data and positivity rates are available on the COVID-19 dashboards at <https://www.covid19.nh.gov/dashboard/overview>.

For more information, please visit the DHHS COVID-19 webpage at <https://www.covid19.nh.gov/>.
