NH DHHS COVID-19 Update – August 10, 2021

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, August 10, 2021, DHHS announced 89 new positive test results for COVID-19. Today's results include 59 people who tested positive by PCR test and 30 who tested positive by antigen test. There are now 1,259 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are eighteen individuals under the age of 18 and the rest are adults with 44% being female and 56% being male. The new cases reside in Hillsborough County other than Manchester and Nashua (20), Rockingham (10), Grafton (7), Merrimack (7), Strafford (6), Cheshire (3), Belknap (2), Carroll (2), and Sullivan (2) counties, and in the cities of Manchester (12) and Nashua (6). The county of residence is being determined for twelve new cases.

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Rockingham County, fewer than 60 years of age

There are currently 52 individuals hospitalized with COVID-19. In New Hampshire since the start of the pandemic, there have been a total of 102,205 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
