## **NH DHHS COVID-19 Update – September 7, 2021**

**Concord, NH** – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, September 7, 2021, DHHS announced 248 new positive test results for COVID-19 for Sunday, September 5. Sunday's results include 153 people who tested positive by PCR test and 95 who tested positive by antigen test. DHHS also announced 371 cases from Friday, September 3 (220 by PCR test and 151 by antigen test) and 460 cases from Saturday, September 4 (307 by PCR test and 153 by antigen test). The data for Monday, September 6 will be included in Wednesday's COVID-19 update. There are now 3,221 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are two hundred and thirty-one individuals under the age of 18 and the rest are adults with 51% being female and 49% being male. The new cases reside in Rockingham (224), Hillsborough County other than Manchester and Nashua (142), Merrimack (138), Strafford (101), Belknap (73), Cheshire (66), Grafton (44), Carroll (37), Sullivan (23), and Coos (17) counties, and in the cities of Manchester (74) and Nashua (61). The county of residence is being determined for seventy-nine new cases.

DHHS has also announced four additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 2 female residents of Cheshire County, 60 years of age and older
- 1 male resident of Hillsborough County, fewer than 60 years of age
- 1 female resident of Hillsborough County, fewer than 60 years of age

There are currently 141 individuals hospitalized with COVID-19. In New Hampshire since the start of the pandemic, there have been a total of 109,716 cases of COVID-19 diagnosed.
