NH DHHS COVID-19 Update – September 14, 2021

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, September 14, 2021, DHHS announced 227 new positive test results for COVID-19 for Monday, September 13, results include 102 people who tested positive by PCR test and 125 who tested positive by antigen test. DHHS also announced 195 cases from Sunday, September 12 (118 by PCR test and 77 by antigen test). Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 3,519 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are one hundred and fifteen individuals under the age of 18 and the rest are adults with 54% being female and 46% being male. The new cases reside in Rockingham (92), Hillsborough County other than Manchester and Nashua (62), Merrimack (47), Strafford (46), Belknap (30), Cheshire (29), Grafton (25), Sullivan (20), Coos (5), and Carroll (3) counties, and in the cities of Manchester (16) and Nashua (13). The county of residence is being determined for thirty-four new cases.

DHHS has also announced four additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Belknap County, 60 years of age and older
- 1 female resident of Carroll County, 60 years of age and older
- 1 female resident of Merrimack County, 60 years of age and older
- 1 female resident of Rockingham County, 60 years of age and older

There are currently 141 individuals hospitalized with COVID-19. In New Hampshire since the start of the pandemic, there have been a total of 112,747 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
