NH DHHS COVID-19 Update November 15, 2021

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Monday, November 15, 2021, DHHS announced 479 new positive test results for COVID-19 for Sunday, November 14. Today's results include 374 people who tested positive by PCR test and 105 who tested positive by antigen test. DHHS also announced 675 cases from Friday, November 12 (463 by PCR and 212 by antigen test); and 916 cases from Saturday, November 13 (704 by PCR and 212 by antigen test). Additionally, DHHS announced an additional 128 new cases from Wednesday, November 10 (60 by PCR and 68 by antigen test) for a new total of 950; and an additional 46 new cases from Thursday, November 11 (19 by PCR and 27 by antigen test) for a new total of 1,053. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 6,295 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are six hundred individuals under the age of 18 and the rest are adults with 53% being female and 47% being male. The new cases reside in Rockingham (402), Hillsborough County other than Manchester and Nashua (342), Merrimack (231), Strafford (203), Sullivan (133), Grafton (122), Cheshire (104), Belknap (95), Carroll (77), and Coos (57) counties, and in the cities of Manchester (192) and Nashua (190). The county of residence is being determined for ninety-six new cases.

DHHS has also announced eight additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Coos County, 60 years of age and older
- 1 female resident of Hillsborough County, 60 years of age and older
- 2 male residents of Merrimack County, 60 years of age and older
- 2 female residents of Rockingham County, 60 years of age and older
- 1 male resident of Rockingham County, 60 years of age and older
- 1 female resident of Strafford County, 60 years of age and older

There are currently 260 individuals hospitalized with COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 146,834 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
