## **NH DHHS COVID-19 Update January 11, 2022**

**Concord, NH** – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, January 11, 2022, DHHS announced 1,627 new positive test results for COVID-19 for Monday, January 10. Today's results include 1,089 people who tested positive by PCR test and 538 who tested positive by antigen test. DHHS also announced an additional 107 new cases from Monday, January 3 (9 by PCR and 98 by antigen test, for a new total of 1,734); an additional 214 new cases from Tuesday, January 4 (86 by PCR and 128 by antigen test, for a new total of 2,345); an additional 257 new cases from Wednesday, January 5 (75 by PCR and 182 by antigen test, for a new total of 2,729); an additional 33 new cases from Thursday, January 6 (1 by PCR and 32 by antigen test, for a new total of 2,196); an additional 170 new cases from Friday, January 7 (33 by PCR and 137 by antigen test, for a new total of 2,751); an additional 29 new cases from Saturday, January 8 (17 by PCR and 12 by antigen test, for a new total of 3,296); and an additional 26 new cases from Sunday, January, 9 (21 by PCR and 5 by antigen test, for a new total of 2,731). Test results for previous days are still being processed and updated case counts for prior days will be reflected on the COVID-19 interactive dashboard. There are now 18,079 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are seven hundred and fifty-four individuals under the age of 18 and the rest are adults with 54% being female and 46% being male. The new cases reside in Rockingham (626), Hillsborough County other than Manchester and Nashua (381), Merrimack (188), Strafford (186), Grafton (102), Belknap (84), Cheshire (62), Carroll (57), Coos (29), and Sullivan (24) counties, and in the cities of Manchester (269) and Nashua (251). The county of residence is being determined for two hundred and eight-seven new cases.

DHHS has also announced three additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Cheshire County, 60 years of age and older
- 1 male resident of Hillsborough County, 60 years of age and older
- 1 male resident of Sullivan County, 60 years of age and older

There are currently 389 individuals hospitalized with COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 226,132 cases of COVID-19 diagnosed.
