NH DHHS COVID-19 Update April 22, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Friday, April 22, 2022, DHHS announced 425 new positive test results for COVID-19 for Thursday, April 21. Today's results include 289 people who tested positive by PCR test and 136 who tested positive by antigen test. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 2,523 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are sixty-two individuals under the age of 18 and the rest are adults with 55% being female and 45% being male. The new cases reside in Rockingham (128), Hillsborough County other than Manchester and Nashua (77), Strafford (34), Grafton (28), Merrimack (26), Carroll (19), Cheshire (18), Sullivan (12), Belknap (4), and Coos (3) counties, and in the cities of Nashua (31) and Manchester (21). The county of residence is being determined for twenty-four new cases.

DHHS has also announced three additional deaths related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Hillsborough County, 60 years of age and older
- 1 male resident of Hillsborough County, fewer than 60 years of age
- 1 female resident of Rockingham County, 60 years of age and older

There are currently 15 hospitalized patients being treated for COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 307,528 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
