NH DHHS COVID-19 Update April 27, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Wednesday, April 27, 2022, DHHS announced 514 new positive test results for COVID-19 for Tuesday, April 26. Today's results include 303 people who tested positive by PCR test and 211 who tested positive by antigen test. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the COVID-19 interactive dashboard. There are now 2,654 current COVID-19 cases diagnosed in New Hampshire.

Please note: Today's results include 100 backlogged antigen tests from a testing provider that occurred over the previous two weeks.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are forty-seven individuals under the age of 18 and the rest are adults with 55% being female and 45% being male. The new cases reside in Grafton (165), Rockingham (70), Strafford (59), Hillsborough County other than Manchester and Nashua (37), Cheshire (24), Merrimack (19), Sullivan (19), Belknap (17), Carroll (15), and Coos (6) counties, and in the cities of Nashua (30) and Manchester (27). The county of residence is being determined for twenty-six new cases.

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- 1 female resident of Cheshire County, 60 years of age and older

There are currently 20 hospitalized patients being treated for COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 309,193 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
New Hampshire 2019 Novel Coronavirus (COVID-19) Summary Report
(updated April 27, 2022, 9:00 AM)
