NH DHHS COVID-19 Update May 9, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Monday, May 9, 2022, DHHS announced 267 new positive test results for COVID-19 for Sunday, May 8. Today's results include 194 people who tested positive by PCR test and 73 who tested positive by antigen test. DHHS also announced 497 cases from Friday, May 6 (295 by PCR and 202 by antigen test); and 523 cases from Saturday, May 7 (416 by PCR and 107 by antigen test). Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 3,902 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are one hundred and sixty-four individuals under the age of 18 and the rest are adults with 55% being female and 45% being male. The new cases reside in Rockingham (323), Hillsborough County other than Manchester and Nashua (170), Strafford (157), Merrimack (116), Cheshire (72), Grafton (58), Carroll (54), Sullivan (41), Belknap (40), and Coos (20) counties, and in the cities of Manchester (108) and Nashua (81). The county of residence is being determined for forty-seven new cases.

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Merrimack County, 60 years of age and older

There are currently 20 hospitalized patients being treated for COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 314,533 cases of COVID-19 diagnosed.
