NH DHHS COVID-19 Update May 10, 2022

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update on the new coronavirus, COVID-19.

On Tuesday, May 10, 2022, DHHS announced 384 new positive test results for COVID-19 for Monday, May 9. Today's results include 154 people who tested positive by PCR test and 230 who tested positive by antigen test. DHHS also announced an additional 2 new cases from Sunday, May 8 (0 by PCR and 2 by antigen test) for a new total of 269. Test results for previous days are still being processed and updated case counts for prior days will be reflected on the [COVID-19 interactive dashboard](#). There are now 3,902 current COVID-19 cases diagnosed in New Hampshire.

Several cases are still under investigation. Additional information from ongoing investigations will be incorporated into future COVID-19 updates. Of those with complete information, there are seventy-four individuals under the age of 18 and the rest are adults with 59% being female and 41% being male. The new cases reside in Rockingham (100), Hillsborough County other than Manchester and Nashua (53), Strafford (40), Grafton (38), Merrimack (25), Belknap (14), Carroll (14), Cheshire (13), Coos (8), and Sullivan (7) counties, and in the cities of Manchester (34) and Nashua (20). The county of residence is being determined for twenty new cases.

DHHS has also announced one additional death related to COVID-19. We offer our sympathies to the family and friends.

- 1 male resident of Strafford County, 60 years of age and older

There are currently 21 hospitalized patients being treated for COVID-19. In New Hampshire, since the start of the pandemic, there have been a total of 314,860 cases of COVID-19 diagnosed.

Current Situation in New Hampshire
